Premium seasoning, bold heat, global flavor, and clean-label pantry upgrades are growing. IC SPICY gives buyers a differentiated challenger brand with a real farm story.

Slide 3 - Assortment

Four-SKU launch: everyday, extreme, Florida signature, and grill-friendly. Focused enough for clean placement; broad enough to test shopper demand.

Slide 4 - Support

Founder demos, social campaigns, QR storytelling, recipe cards, limited seasonal drops, and regional content tied to Southwest Florida growing.

Slide 5 - Distributor Need

We need partners who can help with regional account access, shelf strategy, buyer feedback, reorder discipline, and operational scaling without overextending the brand too early.
