

IC SPICY

IC SPICY Recipe Card Pack

Starter recipe copy for early content and printed cards.

For demos, packaging inserts, social posts, and email campaigns.

Farm-grown heat. Chef-built flavor. Blockchain-backed provenance.

Prepared May 2026 - Draft marketing material; legal review required before public token claims.

Fire Salt Eggs

Soft scrambled eggs, butter, chives, and Zone 10a Fire Salt. Finish lightly after cooking so the citrus and pepper stay bright.

Datil Citrus Shrimp

Toss shrimp with olive oil, lime, garlic, Smoked Datil Citrus, and a pinch of salt. Sear hot and finish with fresh herbs.

Charred Garlic Potatoes

Roast potatoes with oil and Chef's Charred Garlic Pepper until crisp. Finish with lemon and parsley.

Reaper Reserve Chili Oil

Warm neutral oil with garlic, paprika, and a tiny pinch of Reaper Reserve. Rest, strain if desired, and use carefully over pizza, noodles, or beans.

Retail Demo Bite

Use plain popcorn, roasted potatoes, or grilled chicken bites as neutral carriers so customers taste the seasoning clearly.
