

IC SPICY

IC SPICY Press Kit

Copy for media, blogs, podcasts, and local press.

For outreach to food, agriculture, local, and Web3 media.

Farm-grown heat. Chef-built flavor. Blockchain-backed provenance.

Prepared May 2026 - Draft marketing material; legal review required before public token claims.

Boilerplate

IC SPICY is a Southwest Florida rare-pepper nursery and premium seasoning brand building farm-grown heat, chef-built flavor, and blockchain-backed provenance on the Internet Computer.

Founder Bio

Founder/operator with 30 years of growing experience in Zone 10a Southwest Florida, focused on rare peppers, regenerative growing practices, artisan spice products, and practical RWA technology.

Press Angles

Florida nursery takes on seasoning giants; rare peppers meet blockchain provenance; chef-designed heat brand targets grocery shelves; solo founder builds farm-to-flame CPG company.

Media Assets Needed

Founder headshot, farm photos, pepper macro shots, seasoning jars, QR demo, NIMS screenshot, product lifestyle shots, and short brand video.

Contact Block

Add email, website, social links, city/state, press contact, and product availability once finalized.
