

IC SPICY

IC SPICY Retail Readiness Checklist

What must be ready before serious grocery outreach.

For CPG operations and buyer conversations.

Farm-grown heat. Chef-built flavor. Blockchain-backed provenance.

Prepared May 2026 - Draft marketing material; legal review required before public token claims.

Product

Final recipes, stable batch process, ingredient sourcing, shelf life, packaging, labels, net weight, UPCs, case packs, and quality checks.

Business

Wholesale pricing, MSRP, margin model, opening order terms, reorder terms, lead times, freight policy, insurance, W-9/entity info, and invoicing process.

Compliance

Nutrition facts if required, ingredient/allergen review, claims review, food safety process, local/state requirements, and any needed facility or co-packer documentation.

Sales

Sell sheet, line sheet, sample kit, demo plan, product photos, buyer email, retail launch calendar, and reorder tracking sheet.

Proof

DTC sales, reviews, demo conversion, local account reorders, social engagement, and units per store per week.
